Chess Connoisseurs

• • •

Malin, Renate, Olav, Rune, Keerthan, Ole, Simen og Henrik

Main results

- SQL Database

- Better AI

- Undo move

- Random game mode

- Music and animation

- Last event

- Pieces that have been beaten

Challenges and Solutions

- SQL Database -> MLab
- New person in a team
- Better AI - difficult to implement
- Small bugs between OS

- More people on one task
- Review git multiple times
- Made AI more advanced
- Test different OS

Design

- Animation

- Visualisation of moves

- Toggle visual hints

- Shows coordinates on board

- To demo....

Demo

Next steps planned

- More game modes

- Better GUI

- Other creative ideas
